

PROFESSIONAL SUMMARY

Junior software engineer and full-stack developer focused on building high-performance web applications, desktop/mobile-connected systems, and clean user interfaces. Skilled in writing scalable code, applying modern frameworks, and delivering reliable, well-tested products.

TECHNICAL SKILLS

Languages	JavaScript, TypeScript, Python, HTML, CSS
Frontend	React, Next.js, Tailwind CSS, Responsive UI/UX
Backend	Node.js, FastAPI, Express, REST APIs, WebSockets
Databases	SQLite, MongoDB
Tools & DevOps	Git, GitHub, Docker, Vite, Electron
Practices	Component-based architecture, debugging, UI polish, local-first design

PROFESSIONAL EXPERIENCE

Independent Software Developer

2025 — PRESENT

Self-Directed Projects & Skill Development

Remote · Sri Lanka

- Designed and developed 3 full-stack application prototypes and a 50-project frontend showcase using React, TypeScript, and modern web frameworks.
- Built 2 desktop/mobile-connected applications integrating Python, Electron, and WebSockets for real-time local-network communication.
- Applied component-based architecture and responsive design across 16+ deployed projects, improving reusability and reducing rework through shared component patterns.

KEY PROJECTS

RemoteLink

ELECTRON · FLUTTER · REACT · TYPESCRIPT · WEBSOCKETS

Desktop/mobile remote-control prototype with local-network pairing, connection state tracking, screen preview UI, and mobile touchpad controls.

NexaFlow

PYTHON · TKINTER · WEBSOCKETS

Local-first workflow recorder and replay tool with screen-capture routines, scheduler triggers, and a compact overlay interface for productivity workflows.

50 Live Projects

REACT · NEXT.JS · JAVASCRIPT

Collection of frontend projects including dashboards, task utilities, and barcode tools — focused on reusable layouts, clean component structure, and responsive design.

CERTIFICATIONS & EDUCATION

Diploma in IT & AI

Cased Institute — 2026

Diploma in HR Management

Cased Institute — 2025

Python Programming

I-Tech Academy — 2025

Certified Web Developer

Orion International Campus — 2024

CORE STRENGTHS

Detail-Oriented · Fast Learner · Clear Communicator · Problem Solver · Deadline-Driven

LANGUAGES

English · Tamil
