

PROFESSIONAL SUMMARY

Entry-level software developer focused on practical web development, responsive user interfaces, and AI-assisted software building. Experienced in developing and testing portfolio projects using HTML, CSS, JavaScript, React basics, Python basics, Electron, and WebSocket concepts. Strong practical learner with hands-on experience in debugging, UI improvement, project testing, and using AI tools responsibly while strengthening core coding fundamentals.

TECHNICAL SKILLS

Languages	HTML, CSS, JavaScript Basics, Python Basics
Frontend	React Basics, Responsive UI, Tailwind CSS, Component-Based UI
Backend	Node.js Basics, Express Basics, REST API Concepts, WebSocket Concepts
Databases	SQLite Basics, MongoDB Basics
Tools	Git, GitHub, VS Code, Vite, Electron Basics
Practices	Debugging, UI Polishing, Manual Testing, AI-Assisted Development

PROFESSIONAL EXPERIENCE

Independent Software Developer

Self-Directed Projects & Skill Development

2025 — PRESENT

Remote · Sri Lanka

- Built and improved multiple portfolio and software prototypes using AI-assisted development, manual testing, and iterative debugging.
- Worked on frontend layouts, responsive UI sections, project cards, certificate sections, and practical web interfaces using HTML, CSS, JavaScript, React basics, and modern tooling.
- Practiced debugging workflows by identifying visible issues, testing fixes, reviewing AI-generated patches, and validating project behavior after changes.

KEY PROJECTS

RemoteLink

ELECTRON · FLUTTER · REACT · TYPESCRIPT · WEBSOCKETS

Desktop/mobile remote-control prototype built with Electron, Flutter, React, TypeScript, and WebSocket concepts. Worked on local-network pairing, connection-state tracking, screen-preview UI, and mobile touchpad control flows with AI-assisted debugging and manual validation.

NexaFlow

PYTHON · TKINTER · WEBSOCKETS

Local-first workflow automation prototype using Python, Tkinter, and WebSocket concepts. Explored screen-capture workflow routines, scheduler-trigger concepts, and compact overlay UI patterns for productivity-focused desktop workflows.

50 Live Projects

REACT · NEXT.JS · JAVASCRIPT

Frontend project collection including dashboards, task utilities, barcode tools, and responsive UI layouts. Focused on HTML, CSS, JavaScript, React basics, reusable components, and mobile-friendly design.

EDUCATION

Diploma in Office Management

Cased Institute — 2027

Diploma in IT & AI

Cased Institute — 2026

Diploma in HR Management

Cased Institute — 2025

CERTIFICATIONS

Front-End Web Development

University of Moratuwa Open Learning Platform — 2026

Web Design for Beginners

University of Moratuwa Open Learning Platform — 2026

Introduction to Software Engineering

IBM — 2026

Android App Development for Beginners

Simplilearn — 2026

CORE STRENGTHS

Practical Learner · Debugging Mindset · UI-Focused · Project-Oriented · Deadline-Driven

LANGUAGES

English · Tamil
